

Isofoam Insulating Materials Plants W.L.L.

Established in 1973

Address :

P. O. Box : 23053 Safat 13091 Kuwait
 Tel. : 24763820/1/2/3 - 24742835 - 24742689
 Fax : 24763819
 Email : insulations@isofoamkw.com

Working Hours :

8:00am - 1:30pm (Saturday)
 8:00am - 5:00pm (Sunday - Thursday)

Management :

Bader Al-Kharafi (President)
A. K. Chotani (General Manager)
Hazem Houeidi (Assistant General Manager)
Hamdi El Gebeily (Finance & Admin. Manager)
John Thomas (Quality Control Manager)

Employees : 100

Activities :

Manufacturers and Suppliers of Thermal Insulation Materials such as :

ISOBOARD, extruded polystyrene foam boards in blue colour for roofs and walls.

STYROPOR, expanded polystyrene foam Boards and void forms.

ISOPUR, polyurethane foam boards and preformed pipe insulation segments for chilled process lines.

ISOTEX, textured form liners for aesthetic appearance.

Suppliers of premium solid surface product for interior creation: HANEX and HANSTONE products.

HANEX with its excellence in both colour and durability is one's best choice for the finishing materials in building & interiors.

HANSTONE is stronger than natural stone, will maintain its shape and beauty under any condition.

(Manufactured by Hanwha Corporation)

Suppliers of HK Ties / Connectors

Manufactured from a high performance, engineered thermoplastic resin features high strength and low thermal conductivity. Designed to support the fascia wythe during the lift. Using HK ties alongwith insulation, the panels are insulated during casting prior to erection. It minimizes the energy-draining effects of thermal bridging and results in a sandwich panel with maximum thermal performance.

(Manufactured by HK Composites Inc.)
